Acknowledgment

First of all, we would like to express our deepest gratitude to our professor, Prof. Dan Michael Cortez and Engr. Erwin D. Marcelo, who guided and understood us throughout the whole school year.

To our dearest panelist, Prof. Charito Molina, Prof. Criselle Centeno, Ms. Aljen Amodia, Mr. Abezier Andes and Mr. Lindon Maquidato who gave their comments and suggestions to make this study possible and especially our ICTO Director; Engr. Garry Erwin De Gracia for guiding us; providing approval, assistance and opportunities for improving the study of the system.

To our dearest parents for giving their endless support from the very beginning until the end of the study, we would also like to extend our appreciation to our PFMO Chief; Engr. Karen L. Leyson for assisting us and for her cooperation with us for the development of our system as the Management see fit despite of her busy schedule.

To PLM Physical Facilities Management Office for they gave us the opportunity, entertained us to conduct interviews assisted us in understanding their existing system and provided all the documents and the facility operational needs we needed for us to make the system effective for every perspective

Lastly, to our Lord God, for giving us wisdom, determination and perseverance to continue making this study and to finally make this system possible despite of the problems that we have encountered.
